- Veterinary products (vaccines, dips etc.)

NOVASOL'S PRIMARY STRENGTHS INCLUDE

- A single point of contact for most customer materials/ equipment/spares
- Consolidation of procurement activities obviates the need to make multiple payments to a variety of suppliers
- Highly competitive pricing on goods sourced by Novasol
- Avoidance of Customs clearance problems on account of non-registered exporters
- Invoicing zero rated for South African VAT, therefore no need to hassle with VAT refunds
- Goods purchased by Novasol are stored in our secure warehouse prior to loading
- Transport arrangements and secure, traceable packing and loading of trucks entirely handled by Novasol
- Regular (at least weekly) shipments to the Beira Corridor, Lusaka & Harare
- Optional urgent airfreight can be arranged
- Project procurement expertise
- Good understanding of Customs and Reserve Bank regulations on foreign trade processes
- Goods in Transit insurance cover in place for all Novasol invoiced goods
- SADC Certificates of origin issued for South African produced goods
- Transport and Customs clearing at highly competitive rates on goods invoiced by Novasol
- Flexibility with regard to optional/partial use of our consolidation and export procurement services
- Negotiable handling fees
